

Welk ISO-nieuws is er onder de zon?

12 februari 2026

Herzieningsproces Internationale Standaarden

*“An International Standard provides **rules, guidelines or characteristics** for activities or for their results, aimed at **achieving the optimum degree of order in a given context**. It can take **many forms**. Apart from product standards, other examples include: test methods, codes of practice, guideline standards and management systems standards.”* (BRON: www.iso.org)

SPELREGELS:

→ Stellingen

→ Ja = recht staan

→ Neen = zitten blijven

→ Twijfel = blijf gerust zitten (geen NC 😊)

- ✓ Waar zitten de accentverschuivingen?
- ✓ Welke timings zijn al bekend?
- ✓ Waarover nu al nadenken?

Wat met ISO 9001?

*ISO 9001 is a **globally recognized standard for quality management**. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality. Its requirements define how to establish, implement, maintain, and continually improve a quality management system (QMS). (bron: www.qmssolutions.com)*

Wat met ISO 14001?

*ISO 14001 is the **internationally recognized standard for environmental management systems (EMS)**. It provides a framework for organizations to design and implement an EMS, and continually improve their environmental performance. By adhering to this standard, organizations can ensure they are taking proactive measures to minimize their environmental footprint, comply with relevant legal requirements, and achieve their environmental objectives. The framework encompasses various aspects, from resource usage and waste management to monitoring environmental performance and involving stakeholders in environmental commitments.* (bron: www.qmssolutions.com)

Waar zitten de wijzigingen voor ISO 9001 en ISO 14001?

Wat met de Sustainable Development Goals?

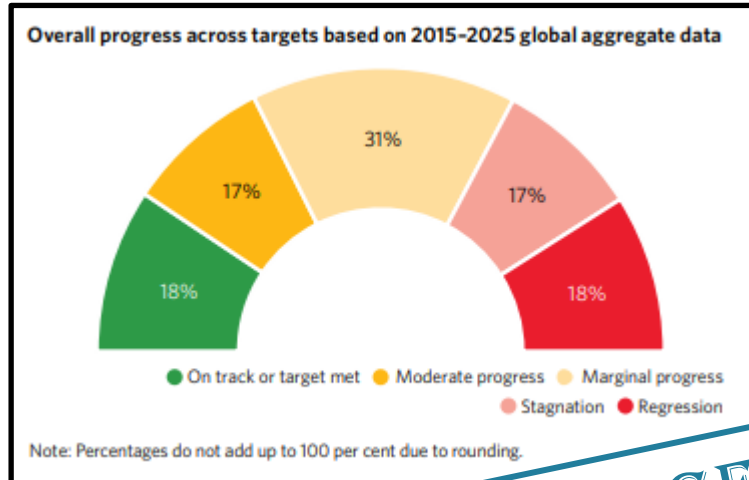

Sustainable Development Goals Progress

Sources:

- The Sustainable Development Goals Report 2023
- The Sustainable Development Goals Report 2024
- The Sustainable Development Goals Report 2025

MOST CONCERNING, 18 PER CENT OF TARGETS HAVE REGRESSED BELOW 2015 BASELINE LEVELS

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future.

Samenwerking ISO ↔ UN

Ecologisch

Ondersteuning voor

- het beheersen van de **klimaatimpact**
- het meten en verminderen van de **uitstoot van broeikasgassen**
- het meten en verminderen van **energieverbruik**
- het aanmoedigen van **verantwoorde consumptie en productie**

Economisch

Faciliteren van

- de **internationale handel**
- de verbetering van kwaliteitssystemen met het oog op **duurzame bedrijfsvoering**

Ethisch - Sociaal

Helpen van organisaties om

- het **welzijn van de medewerkers** te verbeteren via zowel tools, als sociale inclusie als toegankelijkheid

A Publicly Available Specification (PAS) is published to respond to an urgent market need...

ISO PAS 53002:2024 – *Guidelines for contributing to the UN Sustainable Development Goals*

Toelichting van het belang van bepaalde aspecten en voorbeelden van hoe organisaties aan de slag kunnen gaan

Status:

Gepubliceerd in september 2024 - freely available

PAS => MSS type B (DIS maart '26 – publicatie Q1/Q2 '27)

ISO 53001- *Management systems for the UN Sustainable Development Goals - Requirements*

Generieke eisen voor de SDG's

↔ discipline-specifieke eisen van MSS die betrekking hebben op specifieke SDG's

ISO 53001 vs. CSRD op basis van ESRS standaarden

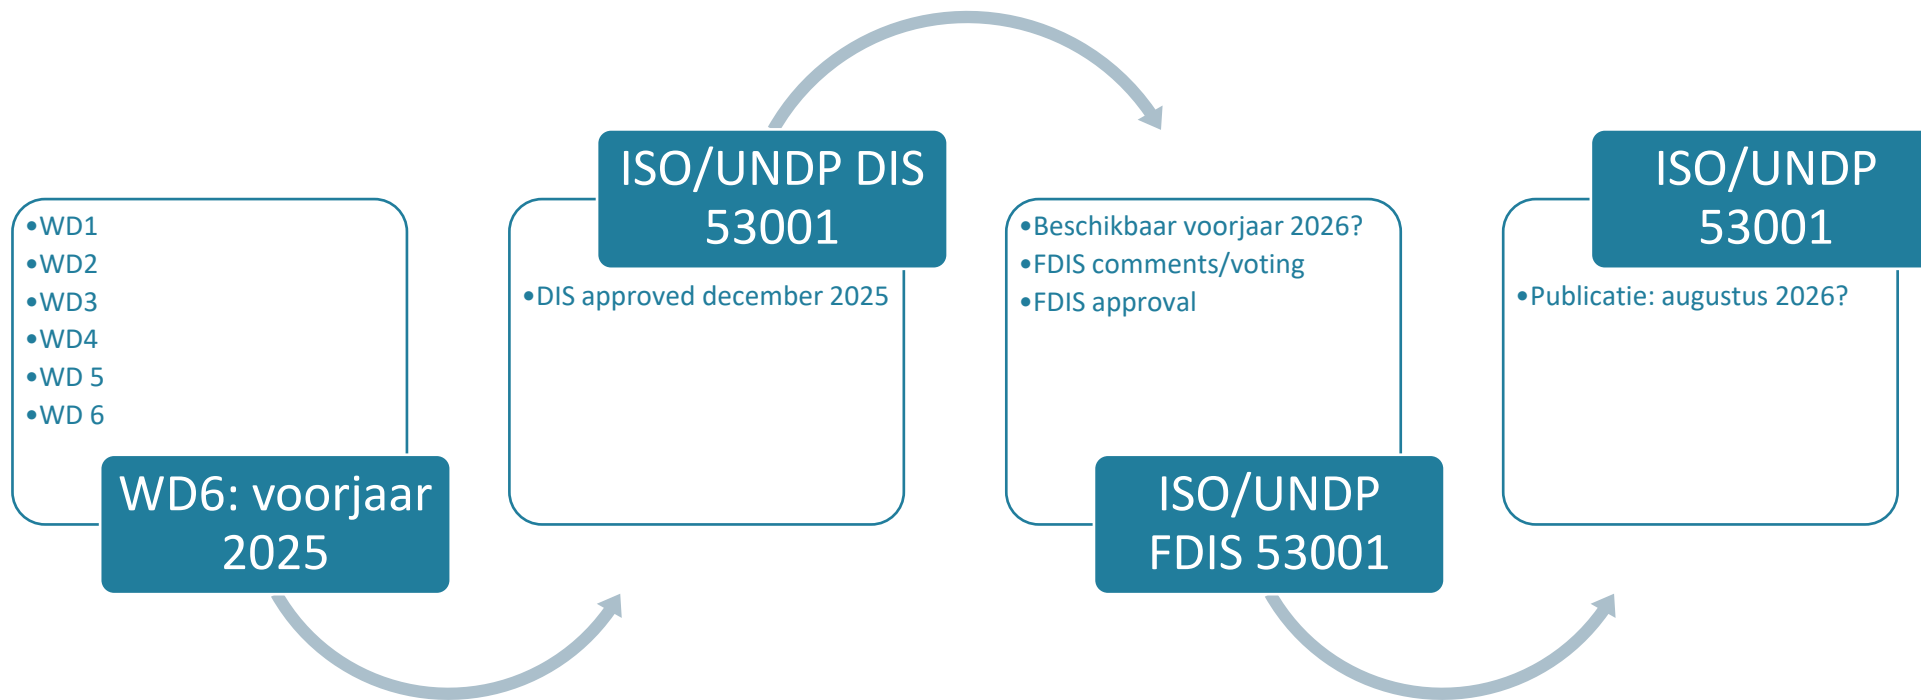

ISO 53001- Management systems for the UN Sustainable Development Goals - Requirements

Generieke eisen voor de SDG's

↔ discipline-specifieke eisen van MSS die betrekking hebben op specifieke SDG's

ISO 53001 Timeline

IWA 48 "ESG Principles"

→ 'Framework for Implementing Environmental, Social and Governance (ESG) Principles'

- Voorstel van Brazilië, UK, Canada
- Scope: *"This document provides a high-level framework and set of principles to give guidance on how to implement and embed environmental, social and governance (ESG) within the culture of an organization to support management of ESG performance, measurement and reporting, enabling consistency, comparability and reliability of ESG reporting and practices globally."*
- *International Working group Agency (geen TC)*
- *Gepubliceerd 14/11/2024*
- *Free available*

ISO 59001

→ MSS (Type A) on Circulair Economy

- Voorstel van SN (Norway)
- Scope: *"This document specifies the requirements for establishing, implementing, maintaining and continually improving a management system for circular economy within the context of the organization and can be used to enhance its circularity performance. The standard is intended for use by an organization when defining circular economy as a strategic aspect."*
- Opstart project in september 2025

Wat met ISO 50001?

ISO 50001 provides a framework of requirements for organizations to:

- *Develop a policy for more efficient use of energy*
- *Fix targets and objectives to meet the policy*
- *Use data to better understand and make decisions about energy use*
- *Measure the results*
- *Review how well the policy works, and*
- *Continually improve energy management.*

WAAROM een norm voor “ENERGIE-management” ?

Media aandacht

Wet- en regelgeving

Kostenbesparing op basis van energieverbruik

Efficiëntie ↑: meer produceren met minder energie

Positief bedrijfsimago

Prioritaire energieacties?

Evaluatie van de energie inspanningen

Energiebewuste medewerkers

De verankering van verbeteringen in de organisatie

Geschiedenis en context

- EN 16001 in Europees verband ontwikkeld
- Mei 2009 EN 16001 aangenomen
- Niet certificeerbaar

- ISO 5001 in juni 2011 van kracht
- Vervangt EN 16001
- Certificeerbaar

- Laatste versie augustus 2018
- Volgens Harmonized Structure (geïntegreerd MS)

DOEL ISO 50001:2018

Wat met ISO 45001?

*ISO 45001 is an international standard that specifies requirements for an **occupational health and safety (OH&S) management system**. It provides a framework for organizations to manage risks and improve OH&S performance.* (bron: www.iso.org)

ISO 45001:2018 vs. NBN EN ISO 45001

Status ISO/CD 45001

- Commentaren van NBN en andere comités zijn/worden beoordeeld door ISO/TC 283
- “body” van de norm is doorgenomen. In feb/mrt zullen verdere commentaren van introductie §0-3 en Annex verder overlopen worden.
- Sommige van de verwachte veranderingen zijn in België al geregeld via wetgeving
- Harmonized Structure wordt behouden

Mei 2026

Q1/2027

ISO 45001:2018

- NBN ISO 45001

EN ISO 45001
(Europese norm)

- NBN EN ISO 45001

Wat met IATF 16949?

*ISO/TS 16949 (1st edition) was originally created in 1999 by the International Automotive Task Force (IATF) with the aim of **harmonizing the different assessment and certification systems worldwide in the supply chain for the automotive sector**. Other revisions were created as necessary for either automotive sector enhancements or ISO 9001 revisions.*

IATF 16949:2016 (1st edition) represents an innovative document, given the strong orientation to the customer, with inclusion of a number of consolidated previous customer specific requirements. (bron: www.iatfglobaloversight.org)

IATF 16949:2016

Wat weten we al?

IATF Rules 6th Edition

- Effective 01/01/2025
- Regels voor certificatie (zowel bedrijven en CI's)
- FAQ >250 pagina's

Sanctioned Interpretations

- SI 27-30
- Effective 1/11/2025

Wat met ISO 13485?

ISO 13485 is the internationally recognized standard for quality management systems in the design and manufacture of medical devices. It outlines specific requirements that help organizations ensure their medical devices meet both customer and regulatory demands for safety and efficacy. (bron: www.iso.org)

ISO 13485:2016

Herzien en bevestigd in 2025.

Audit focus wordt mogelijk verlegd (van compliance naar meer diepgang)

ISO 13485:2016 nu ook verplichting voor US

Focus ligt op wet- en regelgeving!

NB focus op her-certificaties (MDR/IVDR)

MDR/IVDR is herzien eind 2025

EUDAMED verplicht vanaf 28 Mei 2026

(Modules Actoren, Hulpmiddelen, Certificaten)

EUDAMED Q2/2027 (Module Vigilantie)
